Evesham INSIDER

NEW JERSEY

MESSAGE FROM MAYOR VEASY

Hello Evesham Township! On behalf of my fellow members of Township Council and myself, as well as our entire municipal team, I am happy to welcome you to our latest edition of the Evesham Insider!

As we head toward the end of 2026 and look ahead to the holiday season, our community continues to flourish with exciting new projects, facility improvements, and resident-focused programs. Our goal remains the same - keeping you fully informed and connected with everything happening across our vibrant township.

For example, we're thrilled to share that Evesham Township has signed a Letter of Intent to purchase the former Barton Run Swim Club, supported by grant funding from the NJ Green Acres Program! This land will be transformed into dedicated open space for a new park, ensuring another beautiful piece of our town is preserved for future recreation and enjoyment for generations to come.

Speaking of active community spaces, we've also completed several major upgrades at our parks and facilities since this magazine was last published.

At Evesboro Downs Park, our brand-new, fully inclusive playground is now open, offering an accessible and welcoming environment for children of all abilities.

We've also opened our eight, brand-new pickleball courts in front of the Gibson House Community Center, providing a great space for players of all skill levels.

PLAYGROUND at Evesboro Downs Park

Evesham Township officially celebrated the grand opening of our new 12,000-square-foot Completely Inclusive Playground at Evesboro Downs Park this summer! Designed to exceed standard ADA requirements, the space accommodates the physical, sensory, and social needs of individuals with disabilities.

The project was made possible by a $731,000 New Jersey Department of Environmental Protection Green Acres grant. Funding was incentivized by "Jake's Law," landmark state legislation named in memory of Cherry Hill toddler Jacob Cummings-Nasto to support fully accessible play spaces.

Key Features & Upgrades:

- **Pour-in-Place Rubber Surfacing:** Smooth, seamless flooring for easy wheelchair and stroller navigation.
- **Wheelchair-Accessible Two-Story Play Structure:** Allows children in wheelchairs to experience elevated play safely alongside peers.
- **Inclusive Motion & Swings:** Features a specialized Zero-G chair swing and an inclusive seesaw.
- **Multi-Sensory & Percussion Play:** Interactive sensory stations, tactile walls, and an outdoor musical play zone.
- **Dedicated Toddler Area:** Tailored to the developmental needs of the youngest park-goers.
- **Site & Infrastructure Upgrades:** Expanded ADA parking spaces, accessible walkways, new seating, and upcoming permanent bathrooms.

The opening celebration featured complimentary ice cream and brought together local families, township and county officials, community advisory committees, and Jacob Cummings-Nasto's family members representing the nonprofit Our View.

PICKELBALL

Evesham Township officially opened its new eight-court premier pickleball complex this past summer, located directly in front of the Gibson House Community Center.

Built to support the sport's growing popularity, the facility features two fully ADA-accessible courts, high-efficiency LED lighting for night play, integrated paddle racks, and player benches. Restroom access is available at the new Indian Spring Driving Range building a short walk away. Expanded parking has also been added to the site.

To ensure fair play, the Township is using a hybrid system recommended by the Pickleball Steering Committee: four courts are available for advance reservation, while the other four are reserved for open "free play."

Evesham Township also thanks the Pickleball Steering Committee and all our local advocates whose passion, input, and partnership were instrumental in shaping this incredible complex from design to completion.

Evesham Township Winter Weather & Snow Removal Guide

As winter approaches, Evesham Township's Public Works and Emergency Services teams are preparing to keep our community safe and accessible. Snow removal requires teamwork, and your cooperation helps us clear our more than 300 lane miles of roads as quickly and safely as possible. Below are essential guidelines, local ordinances, and safety tips for the upcoming winter season.

1. ***How Our Snow Plowing Operations Work***
   - **Start Time:** Plowing operations generally begin once 2 inches of snow have accumulated, or sooner if hazardous conditions are identified.
   - **Route Priorities:** Plowing focuses first on primary roads and thoroughfares, then moves to secondary streets. A single plow route typically takes 6–8 hours to complete. During heavy, sustained storms, plows make multiple passes to keep roads passable.
   - **Cul-de-Sacs:** Clearing cul-de-sacs requires extra time. Those with center islands take roughly 15–20 minutes, while those without islands can take 30 minutes or more. Front-end loaders may be brought in during heavy snowfall.
     Reminder: State Roads are NOT plowed by Evesham Township.
2. ***Resident Guidelines & Local Regulations***
   - **Sidewalk Clearance Timeframe:** Residents must clear snow and ice from their sidewalks within 12 hours of daylight after the snowfall or weather event has ended.
   - **Do Not Push Snow Into the Street** (Ordinance 133-2):
     - Per Evesham Township Ordinance 133-2, it is unlawful to remove snow or ice from private property and place it onto any public sidewalk or street.
     - Why? Blowing or shoveling snow back into the street creates a serious safety hazard for drivers and often results in the plow pushing that same snow right back into your driveway apron.
     - Where to put it instead: Pile snow on your lawn or on the plant strip next to your curb.
   - **Driveways & Driveway Aprons:**
     - We know it's frustrating to find a pile of snow at the end of your driveway after the plow has gone by. This is not done on purpose! There is no practical way for a plow to "cut off" the snow as it crosses a driveway. This is why driveway aprons and sidewalks are the sole responsibility of the homeowner. Township crews cannot clear individual driveway aprons due to time and resource constraints.
     - Shoveling Tip: To minimize the amount of snow plows push back into your driveway, pile snow on the right side of your driveway as you face the street.
     - Timing Tip: Plows make multiple passes throughout a storm. Wait until the storm has completely ended before doing your final shovel of the driveway apron.
     - Snow Piles at Corners: Plows push snow in the direction they travel to clear intersections for turning vehicles. Please remind children not to climb on snowbanks at street corners or school bus stops, as this can be extremely hazardous.
     - HOA & Private Property Reminders: The Township is not responsible for clearing private driveways, private roads, or private parking lots. Residents living in Homeowners Association (HOA) communities must direct snow removal concerns for these HOA areas to their respective management.
3. ***How You Can Help Our Crews***
   - **Park Off the Street:** When snow begins, park all vehicles in your driveway. This keeps cars safe from slush and salt while allowing plows a clear path to plow curb-to-curb.
   - **Clear Fire Hydrants:** If there is a fire hydrant near your home, please clear the snow around it to save critical time for emergency responders.
   - **Check Your Mailbox:** Ensure your mailbox and post are in good repair and do not lean into the street where they could be snagged by a plow.
   - **Remove Basketball Hoops:** Move all portable basketball hoops away from the street or right-of-way. The Township is not responsible for damage to items left in the path of snow removal equipment.
   - **Keep Trash/Recycling Carts Off the Road:** Place carts behind the curb line so they do not obstruct plow trucks or other traffic.
   - **Help Neighbors in Need:** If you have elderly neighbors or those with health conditions, please consider lending a hand to help clear their paths.
4. ***Important Contact Numbers & Reporting Hazards***

   If you spot a safety hazard after plowing operations have concluded (such as excessive ice or an obstructed bus stop), please contact the appropriate department directly:
   - **Hazardous Road Conditions / After-Hours Reporting:** Call the Evesham Police Department Non-Emergency line at (856) 983-1111.
   - **Public Works Department** (Mon–Fri, until 4 p.m.): Call (856) 983-2798 x6910.

(Note: Leaving messages at other municipal offices may cause delays in response time. Please use these direct lines.)

Milford Cemetery Donation

At age 103, Margaret Adele Truitt McGee and members of her family returned to Evesham Township this past summer to make an extraordinary contribution toward preserving a piece of our community's history.

Margaret graciously presented Evesham Township with a donation for $2,500 to aid preservation efforts at the historic Milford Cemetery, where Margaret's grandmother Mary Truitt was laid to rest in 1924. Margaret can still recall visiting the gravesite as a child with her father to place flowers.

Established in the early 1820s near Kenilworth Lake, The Milford Black Enclave Settlement was an area of Evesham Township where free Black families owned land, ran businesses, built a school, and even established a burial ground, while also offering refuge to freedom seekers along the Underground Railroad. Although most physical traces of the settlement have since vanished, the cemetery does remain, which Evesham Township proudly assumed ownership of in recent years to ensure the historic space is properly preserved and protected.

As part of the visit, Evesham Township was also honored to welcome Patti McGee Colston (Margaret's daughter) and Damon Truitt (Margaret's great nephew) back to Evesham. They and their family's connection to the community were previously featured on the NBC television show Roots Less Traveled. Evesham Township also thanks the **Cropwell Quaker Meeting** for graciously opening their doors to provide space for the presentation. The location also holds significance to the Truitt family.

Following the passing of Mary Truitt's husband Joshua in 1901, Mary would work for members of Evesham's historic Evans family for a time, with Mary's children Clement and Blanche having lived there as well. Clement (grandfather to Patti and great-grandfather to Damon) would also worship at the Cropwell Friends Meeting in the very same building that still stands today. Margaret still remembered visiting the building as a child.

Evesham Township once again extends our sincere gratitude to Margaret and all members of her family for their incredible generosity in helping preserve irreplaceable pieces of our local Evesham history.

HOLIDAY LIGHT PARADE & FESTIVITIES ON MAIN STREET

Mark your calendars for **Saturday, December 5, 2026,** as Evesham Township gets ready to present our fourth annual **Holiday Light Parade** on Main Street! There's plenty of fun to be had before and during the parade!

Bring your family out early between 4 p.m. and 6 p.m. to take photos with Santa Claus, enjoy complimentary hot cocoa stations, play games, ride the holiday train, listen to festive music, watch seasonal videos, and more.

The main event then kicks off at 6 p.m. with illuminated floats and vehicles traveling down Main Street. The evening's festivities then conclude with the community's annual Holiday Tree Lighting ceremony! To enter a vehicle in the parade, contact parade@eveshamfire.org.

This event is proudly co-hosted by Evesham Township, Evesham Fire-Rescue, and the Evesham Township Police Department.

MENORAH LIGHTING CEREMONY and HANUKKAH CELEBRATION

Evesham Township's annual **Menorah Lighting Ceremony and Hanukkah Celebration** has been scheduled for **Monday, December 7** at 5:30 p.m. in the Evesham Municipal Complex at 984 Tuckerton Road.

Township officials are once again excited to be joined by Rabbi Pamela Gottfried of Congregation Beth Tikvah to help us mark Hanukkah in our community! As in years past, the event will feature educational information about the meaning of the holiday.

Residents of all faiths and backgrounds are invited to join us this annual event, with refreshments to follow.Once the ceremony is complete, the display will be moved to the corner of Main Street and Maple Avenue.

Please join us on December 7!

RAMADAN CRESCENT MOON LIGHTING CEREMONY

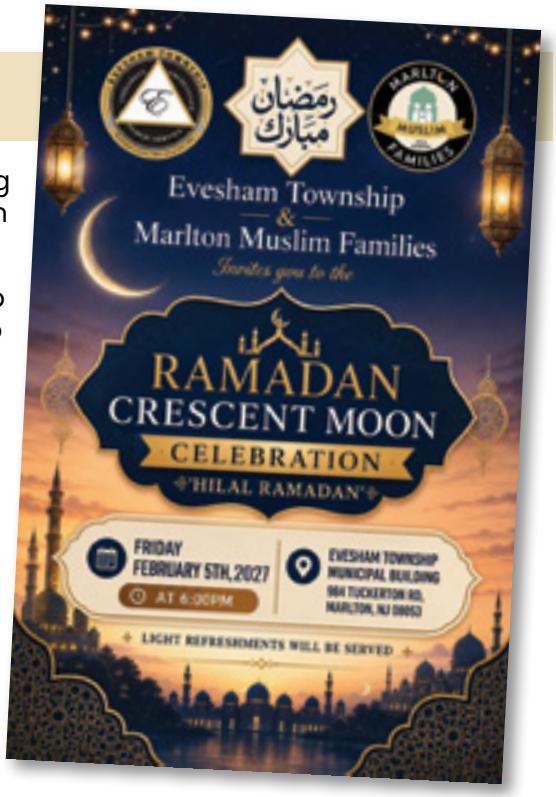

The local Marlton Muslim Families non-profit is once again working together with Evesham Township to host a Ramadan Crescent Moon Lighting Ceremony on Friday, Feb. 5, 2027 at 6 p.m.

This year's event will be held inside the Evesham Township Municipal Complex at 984 Tuckerton Road and will help our township mark the start of Ramadan, expected around Feb. 8, 2027 based on the Islamic Lunar Calendar.

In addition to the lighting of the display, the event will feature educational information about Ramadan. Light refreshments will also be available.

After the ceremony, the display will then be moved to the corner of Main Street and Maple Avenue to be featured throughout the month of Ramadan.

As in previous years, residents of all faiths and backgrounds are invited to join for this event and learn from one another.

Barton Run Swim Club

Evesham Township is currently in the process of acquiring the former Barton Run Swim Club property to permanently preserve the land as public open space. The acquisition was made possible through a $405,000 grant from the New Jersey Green Acres Program, which covers up to half of the total purchase price, with the Township budgeting the remaining funds.

This past summer, Mayor Jaclyn Veasy and Township Council authorized a Letter of Intent (LOI) with property owner Orleans Investment Land Associates to purchase the site. Under the agreement, Orleans will pause plans to build six single-family homes while the grant process / acquisition process concludes. As part of the sale, Orleans will fully demolish the former swim club building and infill the pool areas prior to closing.

"This is great news for the residents of Barton Run and the entire Evesham community," Mayor Veasy said. "By securing this Green Acres funding and approving this Letter of Intent, we are protecting the neighborhood from further development and creating new open space for the public to enjoy. Once the land is under municipal ownership, the Township will ensure its safe upkeep and long-term care."

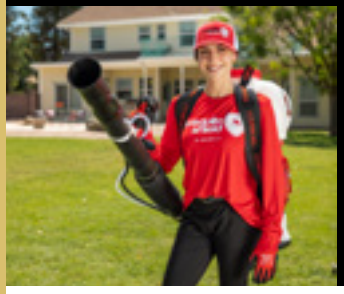

Following overwhelmingly positive community feedback, the final design for the future park will emphasize passive open space shaped by resident input once the property transaction is complete.

The Barton Run Swim Club purchase is one of several strategic acquisitions the Township has pursued in recent years to bolster its open space inventory, expand recreational infrastructure, and protect local environmental buffers.

Other recent preservation initiatives include the purchase of 18 acres from the Evesham Township Board of Education off Greenbrook Drive in the Country Farms neighborhood, as well as the preservation of 176 acres at the former "Beagle Club" property on North Elmwood Road.

Additionally, earlier this year, the Township agreed to assume ownership and stewardship of the 835-acre "Samost Tract" in the southwestern portion of the township—which includes the headwaters of the Black Run Preserve—once the land is acquired by the New Jersey Conservation Foundation.

Evesham Library

Renovations are currently underway at the Evesham Library, marking the first major upgrades in its nearly 30-year history since opening in 1998. The work is a partnership between Evesham Township, Burlington County, and the Burlington County Library System (BCLS). The facility remains open and operational throughout construction.

The $500,000 interior project is co-funded by Evesham and Burlington County / BCLS ($250,000 each). County funding is supported by a $1 million state capital grant secured by State Senator Troy Singleton in the FY2023 State Budget, which also benefits BCLS branches in Pemberton, Cinnaminson, and Westampton. The upgrades include:

- **Expanded Activity Room:** Removal of walls and closets to increase space, alongside new storage units and a sink.
- **Enlarged Children's Area:** Clearer spatial definition created by removing old shelving and installing a new wall.
- **New Technology Center:** Complete electrical upgrades and a glass wall partition to support modern computers.
