9. VARIANCES: Complete for variance applications. **Public Notice (15-16) must be completed by the applicant in compliance with the requirements of the New Jersey Municipal Land Use Law. A copy of the public notice and proof of service are required.**

A. Briefly describe each variance requested and provide Zoning Code Section from which relief is being sought: We are requesting a simple use variance for an unoccupied empty space to be used for storage. No electrical work, construction or plumbing will be required.

B. If a "d" variance is requested, what are the special reason(s) which support your application: (This type of variance can only be heard by the Zoning Board of Adjustment) This space is perfectly suited for storage as it is 2500 square that has never been built out. The space has skim coated floors, drywall and a fire suppression system. No dividing walls were built so it is an open space.

C. If a "c" variance is requested, what are the exceptional property conditions which prevent you from complying with the zoning ordinance? _____

D. If a "c" variance is requested and you contend there are no exceptional property conditions, how will the Municipal Land Use Act be advanced if the variance were to be granted and how would the benefits of a variance outweigh any detriment? _____

E. Supply a brief statement of facts showing why the requested variance can be granted without substantial detriment to the public good and without substantial impairment to the intent and purpose of the Township's zoning plan and zoning ordinance: The requested variances will not cause any detriment and will serve as an asset to the community by supporting domestic violence survivors, the elderly, and other vulnerable groups.
