D. If a "c" variance is requested and you contend there are no exceptional property conditions, how will the Municipal Land Use Act be advanced if the variance were to be granted and how would the benefits of a variance outweigh any detriment? See "E" below.

Also, due to owners' disabilities, homeowners are unable to properly maintain property and regular property maintenance, and therefore, regular grass is a hardship with landscape fees, etc.

E. Supply a brief statement of facts showing why the requested variance can be granted without substantial detriment to the public good and without substantial impairment to the intent and purpose of the Township's zoning plan and zoning ordinance: Three of our four neighbors, where the turf abuts to the property line, have provided letters stating that they do not oppose our request for a variance, as their properties are not affected by our turf in any negative way, such as water runoff, etc. None of our turf abuts to the 4th property at our property line, as the turf in that area is separated by 6-8 feet of stone. A large portion of the turf on our property is separated by 6-8 feet of stone at the property line, further preventing any water runoff or drainage issues. Our turf was installed over 5 years ago, is highly permeable, and we have never had any water runoff or drainage issues. Also, we are respectfully requesting a financial hardship consideration, as our turf cost us over \$24,000.00, and we will suffer a great financial loss if this variance is not approved.

**8. INTERPRETATION - APPLICATION:** For Zoning Board of Adjustment only.

Attach a statement of contentions and provide Code Section(s) in question.

**9. APPEAL DECISION OF ZONING OFFICER OR BUILDING INSPECTOR - APPLICATION:**

Attach a statement which includes the following: (1) Description of the order, determination or decision being appealed (hereinafter called "adverse ruling"), (2) Name and Title of enforcing officer, (3) Date adverse ruling was issued, (4) Date applicant received adverse ruling, (5) Why you allege the adverse ruling is in error, (6) The relief you are seeking, and (7) If the adverse ruling is upheld, do you request that a variance be considered?
