Hi Diane,
Thank you. These species look good. I don't see any issue with them.

Thanks,
Becky

Hi Becky,
As discussed, attached is our landscaping plan depicting the trees to be planted to meet the township tree replacement ordinance. We are proposing to plant approximately 128 trees in the wetland agricultural area shown in purple on the attached plan. The attached copy is not signed and sealed but I wanted to get this to you a.s.a.p. so that you can start your review. We will be uploading a signed and sealed plan to the portal as soon as it is ready. Please let me know if you have any questions. Thanks, Diane

Subject: [EXTERNAL] RE: Quick call on Sharp Road substation IP

Hi Diane,

Thank you. I agree with the path forward for the planting plan. I'm copying Chingwah as well in case he is able reply sooner, confirming whether the plantings would be regulated in the flood fringe, as well as whether PBRs and FHAIPs can be combined in this case.

Thank you,
Becky
